

§ 2522.580 What performance measures am I required to submit to the Corporation?

(a) When applying for funds, you must submit, at a minimum, the following performance measures:

(1) One set of aligned performance measures (one output, one intermediate-outcome, and one end-outcome) that capture the results of your program's primary activity, or area of significant activity for programs whose design precludes identifying a primary activity; and

(2) Any national performance measures the Corporation may require, as specified in paragraph (b) of § 2522.590.

(b) For example, a tutoring program might use the following aligned performance measures:

(1) Output: Number of students that participated in a tutoring program;

(2) Intermediate-Outcome: Percent of students reading more books; and

(3) End-Outcome: Number and percent of students who have improved their reading score to grade level.

(c) The Corporation encourages you to exceed the minimum requirements expressed in this section and expects, in second and subsequent grant cycles, that you will more fully develop your performance measures, including establishing multiple performance indicators, and improving and refining those you used in the past. Any performance measures you submit beyond what is required in paragraph (a)(1) of this section may or may not be aligned sets of measures.

§ 2522.590 Who develops my performance measures?

(a) You are responsible for developing your program-specific performance measures through your own internal process.

(b) In addition, the Corporation may, in consultation with grantees, establish performance measures that will apply to all Corporation-sponsored programs, which you will be responsible for collecting and meeting.

§ 2522.600 Who approves my performance measures?

(a) The Corporation will review and approve performance measures, as part of the grant application review process, for all non-formula programs. If the Corporation selects your application for funding, the Corporation will approve your performance measures as part of your grant award.

(b) If you are a program submitting an application under the State formula category, the applicable State commission is responsible for reviewing and approving your performance measures. The Corporation will not separately approve these measures.

§ 2522.610 What is the difference in performance measurements requirements for competitive and formula programs?

(a) Except as provided in paragraph (b) of this section, State commissions are responsible for making the final determination of performance measures for State formula programs, while the Corporation makes the final determination for all other programs.

(b) The Corporation may, through the State commission, require that formula programs meet certain national performance measures above and beyond what the State commission has individually negotiated with its formula grantees.

(c) While State commissions must hold their sub-grantees responsible for their performance measures, a State commission, as a grantee, is responsible to the Corporation for its formula programs' performance measures.

§ 2522.620 How do I report my performance measures to the Corporation?

The Corporation sets specific reporting requirements, including frequency and deadlines, for performance measures in the grant award.

(a) In general, you are required to report on the actual results that occurred when implementing the grant and to regularly measure your program's performance.
